

ANUPRIYA S

Ph: +91-8072333945 | Email: anuanusanthosh616@gmail.com | [LinkedIn](#)

PROFESSIONAL SUMMARY

Aspiring Software Engineer with hands-on experience in Java and Spring Boot, specializing in building RESTful APIs and backend systems. Strong understanding of OOPS and database concepts, with practical exposure through real-world projects. Passionate about developing scalable applications and continuously improving technical skills

TECHNICAL SKILL

Languages: Java, SQL

Frameworks: Spring Boot

Concepts: OOPS, RDBMS

Tools: IntelliJ IDEA, Eclipse IDE, VS Code, SQL*Plus, MATLAB, KiCad, Postman

PROJECTS

AI-Based Resume Analyzer (REST API)

- Developed a REST API using Spring Boot to analyze resumes
- Extracted key details like skills and keywords from input text
- Implemented basic matching logic to compare resume with job roles
- Returned suggestions to improve resume quality and tested APIs using Postman

TRACKNSEAT: IoT-Based Smart Bus Seat & Management System

- Developed a smart transport system for real-time bus tracking and seat availability monitoring
- Built a multi-role platform (Passenger, Driver, Admin) with role-based access control
- Implemented IoT-based IR sensors for seat detection and passenger entry/exit tracking
- Designed an automatic emergency alert system with cloud integration for real-time data synchronization and admin notifications during accidents/breakdown.

INTERNSHIPS

JP Morgan Chase & Co (Forage) – Software Engineering Internship

- Completed a virtual job simulation in enterprise backend development and system integration. Implemented real-time data streaming using Apache Kafka for event-driven architecture
- Integrated H2 embedded relational database and developed RESTful APIs and controllers for efficient client-server communication

INTERNPE - Java Programming

- Completed internship focusing on core Java concepts and application development. Developed mini-projects using OOPS concepts, collections, and file handling
- Gained hands-on experience in writing clean, efficient, and modular code

EDUCATION

B.E. ELECTRONICS AND COMMUNICATION: Panimalar Engineering College | 2022 – 2026 | 8.8 CGPA

HSC: ACS Matriculation Higher Secondary School | 2021 – 2022 | 86%

SSLC: ACS Matriculation Higher Secondary School | 2019 – 2020 | 84%

CERTIFICATIONS

- Google Cloud: Introduction to Generative AI
- Simplilearn : OOPS in Java
- Infosys Spring-Board : Introduction to Data Science
- Simplilearn: AWS Cloud Practitioner Essential

PUBLICATIONS & ACHIEVEMENTS

- TRACKNSEAT: IoT-Based Smart Bus Seat & Management System, “published in ICACCT 2026 (Scopus Indexed)
- National Semi-Finalist in Flipkart Grid 7.0
